ABSTRACT

The fifth annual summary of statistics for 14 state university libraries in Illinois is presented. The bulk of this article consists of data compiled in fall 1975 on library collections, staffing, wages, operating expenses, library loan transactions, and library physical facilities. Data on professional staffs are broken down by sex, highest degree earned, and full-time or part-time status. (DS/PF)

This is the fifth annual summary of HEGIS Statistics for state university libraries. Since 1971 the Council of Directors of State University Libraries in Illinois (CODSULI) has asked its members to exchange statistical information about their libraries.

The format in which the data have been reported has been that of the Department of Health, Education, and Welfare Education Division *Higher Education General Information Survey* and *Library General Information Survey* (LIBGIS I Supplement).

The 1973-1974 HEGIS summary tables were published in *Illinois Libraries* (Vol. 57, no. 6, June 1975, pp. 438-444).
